III. Applicable Restrictions

1. Vehicle used for the transportation of fireworks shall be so constructed that the fireworks are totally enclosed at all times.
2. Such enclosure shall be protected by a suitable lock.
3. Appropriate placarding is required on both sides, front and rear of the vehicle.
4. Each vehicle shall bear the owner's name on each side.
5. Each vehicle shall be equipped with at least two 10-BC portable fire extinguishers.

IV. Advisory

This permit is granted pursuant to an Advisory Ruling by the Board of Fire Prevention Regulations which reads in part "...intent of 527 CMR 2.04 (2) is for a permit to be issued to a competent operator or corporation engaged in the fireworks business rather than for each vehicle used in the conduct of that business. This advisory ruling in no way shall provide relief for compliance with 527 CMR 2.0."

NOTE: *All vehicles leased, rented or not owned by the applicant, shall have proof in writing acknowledging said vehicle is being used for the purpose of transportation of explosives (i.e. fireworks). Said vehicle shall carry the appropriate insurance coverage for transportation of such materials.*
